PROFESSIONAL SUMMARY

B.Tech Information Technology student with a Diploma in Computer Engineering and hands-on experience in software development, Artificial Intelligence, Machine Learning, and Data Analytics. Skilled in Python, Java, C++, JavaScript, SQL, web development, and AI/ML technologies, with internship experience in AI and Data Science. Developed full-stack, AI-powered, and data analytics projects involving APIs, authentication, databases, machine learning, and data visualization.

PROFESSIONAL EXPERIENCE

Data Science Intern | iGAP Technologies, Kolhapur | Jun 2025 – Aug 2025

Completed a 3-month Data Science internship at iGAP Technologies, working on Machine Learning and data analytics projects including flight price prediction, animal clustering, and Power BI dashboards using Python, Machine Learning, data preprocessing, EDA, and visualization.

Virtual AI Intern | Infosys Springboard 6.0 | 2 months

Completed a 2-month virtual AI internship with Infosys Springboard 6.0, applying Artificial Intelligence concepts to structured technical tasks while strengthening problem-solving, programming, and software development skills

TECHNICAL SKILLS

Programming: Python, Java, C++, JavaScript, HTML, CSS, Node JS

Computer Science: Data Structures and Algorithms, Object-Oriented Programming, Problem Solving

AI & Data: Artificial Intelligence, Generative AI, Machine Learning, Deep Learning, Data Analytics

Web Development: HTML, CSS, JavaScript, Angular, Node.js

Databases: MySQL, Database Fundamentals, MongoDB

Tools & Practices: Git, GitHub, Software Development Lifecycle, Debugging, Project Management

Professional: Teamwork, Collaboration, Adaptability, Technical Communication, Report Writing

PROJECTS

Real-Time Full-Stack Chat Application

Developed a real-time full-stack chat application using Angular 17, Node.js, Express.js, Socket.IO, and MySQL, implementing JWT authentication, direct and group messaging, online/offline presence, typing indicators, notifications, and multimedia file sharing.

Dog Breed Prediction & AI Assistant

Developed an AI-powered dog breed prediction and assistant application using Python, Machine Learning, FastAPI, and REST APIs, integrating deep-learning-based breed classification, breed information, diet recommendations, AI-assisted queries, and JWT authentication.

Seasonal Agriculture Performance Analysis

Performed exploratory data analysis on seasonal agricultural data using Python and Pandas, applying data preprocessing and visualization techniques to identify seasonal patterns, trends, relationships, and variations for data-driven insights.

EDUCATION

Bachelor of Technology (B.Tech), Information Technology | I²IT,Pune | *Currently Pursuing*

Diploma in Computer Engineering | MSBTE, Karad | 2026 | Percentage: 93.12%

Secondary School Certificate (10th) | State Board, Manjarde | 2023 | Percentage: 97.60%

CERTIFICATIONS

5-Day AI Agents: Intensive Vibe Coding Course — Kaggle

AI Skills Fest 2026 — Microsoft

LANGUAGES

English, Hindi, Marathi
